

Introducing a smart and stylish way to capture the sun: the sonnenBatterie *eco compact*

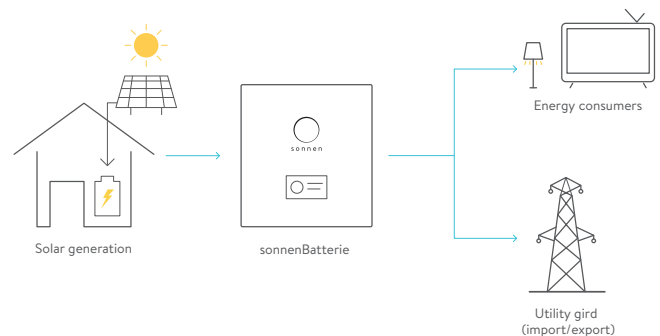

The newest addition to sonnen's intelligent energy management line of products, the sonnenBatterie *eco compact*, is a smart addition to any solar-powered household. The all-in-one *eco compact* easily integrates with new and existing solar systems to maximize self-consumption and minimize expensive peak electricity usage throughout the day.

eco compact uses proven sonnenBatterie technology

- Energy Forecasting & Management
- All-in-one, Scalable System Design (4kWh, 8kWh, 12kWh and 16kWh)
- Web Portal & App Access
- High Quality Certified Components
- Proven Safety

What makes eco compact different

- **Focus on solar self-consumption** – stores excess solar for use at night and during expensive peak times
- **Lower cost system** – Fully-integrated 4kWh *eco compact* system retails for \$5,950 without installation

The sonnen Difference

Since 2010, sonnen has been an innovator in intelligent energy storage products that help customers reach their goal to use clean, reliable and cost-effective energy. What makes sonnen unique is our proven ability to provide best in class, clean energy products and services that are easy to use.

10,000+

Global sonnenBatterie installations

Up to 100%

Savings on your electric bill

All-Inclusive

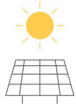

Plug & play all-in-one storage technology

10YR

10 Year/10,000 cycle warranty on batteries

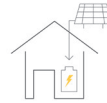

Key Benefits of the sonnenBatterie *eco compact*

Greater solar self-consumption

Reduce grid usage during expensive peak times

Smart energy management

Automatic updates to futureproof your home

Tech Specs

General Specifications	eco compact 4	eco compact 8	eco compact 12	eco compact 16
Usable capacity	4kWh	8kWh	12kWh	16kWh
Nominal Power Rating	3kW	3kW	5kW	5kW
Weight	229 lbs	364 lbs	478 lbs	592 lbs
Dimensions (H"/W"/D")				
Base Cabinet	26/25/9	62/25/9	62/25/9	81/25/9
Extension Cabinet Option		81/25/9	81/25/9	
Grid integration	AC Coupled			
Ambient temperature range	41 °F - 86 °F			
Battery Cell chemistry - life	LFP (Lithium Iron Phosphate) - Designed for 20 year lifespan			
Warranty	10 years / 10,000 cycles			
UL recognized components**	Certified to UL 1973 (batteries) and 1741 (inverter)			

Be part of the energy revolution - Reserve your sonnenBatterie *eco compact* today!

With limited quantities available, pre-order your *eco compact* online or email sales@sonnen-batterie.com and start growing your solar business TODAY!

sonnenBatterie is sold exclusively through our network of trusted partners across the U.S. and around the world. By becoming a certified sonnen partner, you receive discounts on sonnenBatterie products, free installation training, and ongoing access to our storage experts, who can help you find the right size storage systems to meet your customers' needs.
